

Advance Agent of Prosperity
SOUND SENSE.

ONE VOTER WHO UNDERSTANDS THE SILVER QUESTION.

Cleveland Leader.

Having a large acquaintance among the workmen I find that they do not understand many points about the financial question. They cannot see how the Government can keep a fifty-three cent silver dollar on a par with a gold dollar worth one hundred cents. Under the present laws the Government purchases the silver at the market price. It coins fifty-three cents' worth of it into a dollar and keeps forty-seven cents' worth of it in the treasury for the benefit of the people, or in other words has the whole gold worth of silver in its possession, while with free coinage that forty-seven cents would go into the pockets of the silver mine owners and make millions for them. On the gold side of the question it is easy to see that gold would go to a premium of about forty-seven cents and the gold owners would make millions, all at the expense of the mass of the people. The Populists and silver shouters are very solicitous for the poor farmer whose farm is mortgaged. How is it going to affect him? You know that money lenders are about as smart as anybody on such matters, and if the election next November would show any probability of a free coinage law being passed there would be a wholesale foreclosure of mortgage against home owners. That would stir up this country as never before. "Down with Wall Street! Down with the money power!" they cry, but free coinage of silver at 16 to 1 would make millionaires faster than anything that ever happened in this country. WORKMAN.

BRYAN REPUDIATED.

Judge Whitaker Says He Cannot Vote For Him.

The following special is floating around in the associated press daily, and we reproduce it:

Mr. OLIVET, August 12th.—Another prominent Democrat has repudiated Bryan in the person of Judge Emory Whitaker of Maysville. Judge Whitaker is one of the leading lawyers in the state, and his words carry weight. While attending to some legal business at this place he said to your correspondent: "I have been a Democrat for forty years, and have always voted for a Democrat for President, and hope to have that honor this fall. At present writing, however, there is no Democratic ticket in the field.

"I hold principle above party, and therefore cannot lend my support to a man whose platform means death to American prosperity. It would Mexicanize our financial system.

"Our only hope if we desire to perpetuate the party of Jefferson and Jackson is to nominate an independent ticket.

Pulaski county voted on the liquor question recently and went dry by 2,300 majority. Somerset went dry by 180.

Samuel Howe of Elizaville raised a radish this season 18 inches long, 24 inches around and weighing 11 pounds. Must have been a horrid radish.

MELT IT UP AND SEE.

If a dollar be a dollar, honest coin without deceit,
One may melt it, one may smelt it, but its value won't retreat.
Melt ten dollars, silver dollars, in unbiased melting pot
And the silver slug resulting only sells for five the lot.
Melt gold dollars, melt the eagle, in afore-said melting pot,
And the golden slug resulting quickly sell for ten the lot.
Will you tell me, kindly tell me, how these dollars equal are,
If a little glowing furnace puts on only one the scar?
And I'm thinking, quietly thinking, that a poor man has poor sense,
If he vote to have a dollar that will melt to fifty cents.

A firm of lawyers has brought suit against the city of Henderson for \$5,000 damages, on account of the destruction of their library by recent fire.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. Profitable Publicity.

About Advertising Space.

By NATH'L C. FOWLER, JR.,
Doctor of Publicity.

Copyright, 1896, by Nath'l C. Fowler, Jr., Tribune Building, New York.

The chair must fit the sitter or he's uncomfortable.
The office must be large enough to hold the clerks, or they can't work to advantage.
A quart of milk cannot be carried safely in a quart measure.
The place of business had better be a little larger for the business than too small for the business.
There must be room for expansion or there will be no increase.
There must be room, and room enough.
Advertising space is merchandise, and must be bought and handled as are any other regular goods.
Too much of it means extravagance.
Too little of it means unprofitable economy.
It is as foolish to have too little advertising space as too little floor space.
It is as necessary that the advertising space be large enough, as it is that the stock be large enough to meet the demand.
A complete stock will bring more business, while an incomplete stock will drive away business.
Diminutive advertising space cannot do justice to itself nor to the business.
There are four times as many chances of the public seeing a large advertisement than of seeing one of half the size.
If the business can stand it, and it generally can, twice as much advertising space will pay more than twice as much profit.
Everybody must see a large advertisement, and everybody may see a small one.
Liberality in advertising, as well as in every other part of the business reduces the chances.
The doing of a thing as it should be done may not result in profit, but if the right way of doing something doesn't pay, the wrong way of doing it cannot pay, and if the poorer way pays something, the better way must pay better.
Economize if you must, but remember that you had better economize on your advertising last, for the people may not know you are economizing when you cut here and there inside of your business, but the world knows you are not doing well when you cut in the size of your advertising space.

The petitioners for a vote on free turnpikes in Nicholas county filed their application for a vote on the question of making the turn pikes free of toll with County Judge Tilton, Monday, and an order was made submitting the question to the people at the November election.
